

**How the pull ribbon works:**

To make a bow, cut approximately 1 yard of ribbon off the spool, fold it in half. Locate the string that runs through the center of the ribbon. Hold it at both ends between your thumb and index finger, slide ribbon with your other hand.

**How the pull bow works:**

1. Open tails to reveal tie string.
2. Hold tails open with one hand.
3. Pull tie strings with other hand to form a bow.
4. Knot tie strings at base of bow and then tie around package. Curl ends if desired.
